CATERING FILMEX

Our PVC Catering Filmex improves the presentation of your products thanks to its brightness and appearance; they keep food fresher without losing its flavor thanks to its adhesive properties on to any surface or container.

The yellow and purple colors are suitable according to the 85/572 / EEC and 82/711 / EEC directives for all kinds of food, except for pure fats, alcohol and food packed in oil.

They comply with the 10/1011 Community Regulation of January 14, 2011 as well as subsequent updates that may arise.
