Special films for packing all kinds of food,  
except pure fat and foods packed in oil

Better adhesion, gloss and transparency

# MANUAL FILMEX

The PVC Manual Filmex is recognized as the best material to keep food fresh.

Its mechanical and physical properties make packaged products look better as well as preserve in an improved way.

The CE/SM Manual Filmex stands out thanks to its transparency, elasticity, adhesiveness and tear resistance; available from 8 microns on. Its properties allow to reduce the amount of packaging to help the environment.
